

# Belvedere Park Playground Construction!

Thank you for your patience on this project!

The Belvedere Playground will be under construction starting immediately until the end of November 2017!

The Belvedere Playground Renewal Committee has been working hard since 2011 and are excited to finally see the dreams of the community become reality! This goal began when a survey was sent out to community members asking what they would like to see in their community; an updated playground was one of the highest rated items when the surveys were returned. From that, a committee of interested residents, school council parents and community league representatives was created.

Thank you to all that have filled out surveys over the last 6 years on what they would like to see in the park. Thank you to those who have come to 'Party for the Park' and helped raise the money going towards the rebuild. Thank you to the hard working and dedicated committee members! Thank you for your patience on this project!

We will post updates on the community league website and facebook over the next few months! These updates will include specific construction updates and details on the grand opening!
