Belvedere Community Safety and Patrol

Welcome to winter! A time to enjoy family and friends. But it is also a time to not forget to check on your neighbours. You will find that some of your neighbours may need your help for a variety of reasons, for example clearing the snow off the sidewalk, changing the light bulb at their front and back porch and other small things. But also just to make sure that your neighbours know people are there.

Many of you have talked about the person “walking” through your back yard or front yard at **night**, in those situations it is a CRIME IN PROGRESS so you really need to make the call. As you read below you will notice that it’s against the law to do so under the Criminal Code. During the day it is a provincial matter with a ticket that can be issued. The Criminal Code is very different as you see.

R.S., 1985, c. C-46, s. 177 - Every person who, without lawful excuse, loiters or prowls at night on the property of another person near a dwelling-house situated on that property is guilty of an offense punishable on summary conviction. **Definition of night** under the Criminal Code means the period between nine o’clock in the afternoon and six o’clock in the forenoon of the following day;

There is always room on the Neighbourhood Watch Team for you, and remember it’s to put in the time that you can put in. It extremely benefits the neighbourhood, as you are the additional eyes and ears, but also lets the criminals know the neighbourhood is being watched. Contact me if interested at: communitypatrol@belvederecl.com

There is also a safety page for Belvedere on Facebook, to share things that are happening and to see safety tips and other valuable information. Look for Belvedere Community Watch https://www.facebook.com/groups/886827873370958/?ref=share_group_link

Belvedere has seen its share of construction this summer – but finally most of it is complete. Our community is no longer divided in two with 132 Avenue finally complete enough to be open for driving and sidewalks use once again.

Robert Brett playground and walkways have undergone a huge transformation. For the 1st time in decades this park has new playground equipment for everyone to enjoy along with new walkways and benches with exercise instructions and much needed park lighting. When you are out for your walks, we encourage you to wind your way over thru Robert Brett. (134A Ave & 56-57 Str)

Belvedere Park new walkways are complete however the sod was laid late in the season and the basketball court is not complete so the fences around the site will remain up over the winter. The fences around the hill by the hall will be altered to allow for the hill to be used for sledding. Celebration of this redevelopment will need to wait until spring.

Watch the changeable sign and our Facebook page or Website for our skating rinks opening date.

100 YEARS

Although the area we live in started out in 1910 as the Village of North Edmonton we became Belvedere Community League in 1925. Next year our community turns 100 years old! So much has happened in our community over these 100 years and as we plan a celebration that we hope everyone will enjoy, we would love to see your pictures and get your stories of the “do you remember when” years in Belvedere. We hope you will please share your stories, memories and pictures by emailing them to social@belvederecl.com. If you are unable to email you can drop them in the hall mailbox. (any original pictures we will copy and return the original to you)
